Pojer e Sandri

Name of Wine: **ESSENZIA** DOLOMITI

Vineyard manager – owner: **Fiorentino Sandri**

Winemaker - owner: **Mario Pojer**

The color is lovely yellow/gold with greenish reflections.

The bouquet is very intense and complex with hints recalling ripe fruits such as peach, black currant, melon and tropical fruits such as banana, pineapple, mango and passion fruit.

The Noble Rot (*botrytis cinerea*) contributes honeyed notes and a layer of complexity and elegance.

On the palate it is fresh, balanced and, surprisingly for many tasters, not exceptionally sweet.

Essenzia pairs well with strong and spicy cheese such as *gorgonzola*. It is exceptional with *foie gras*, but also shows handsomely with desserts such as cakes and pastries. In

Italy we say it's a "*vino da meditazione*," a wine to enjoy on its own as you contemplate drinking it.

Vineyard situation: different parcels on the hill of Faedo called: *Coveli* at elevation 350 meters (1148 feet) above sea level with a southwest exposure and *Palai* at elevation 700 meters (nearly 2300 feet) above sea level with a southern exposure. The site is well-ventilated because of the influence of "Ora" breezes from Lake Garda (a wind that comes from the nearby famous lake).

Training system: "*pergoletta trentina aperta*" with a vine density of 6500 plants per hectare.

Soil: as regards geomorphology, Faedo is located between the Permian formation of the porphyritical platform and drifts of sandstone, siltstone, loam rocks, limestone and dolomite.

The soil is changeable in the depth from 30 to 100 centimeters. It's muddy – calcareous and on a marly conglomerate.

Grape varieties: Chardonnay, Sauvignon, Riesling Renano, Gewürztraminer and Kerner.

Alcohol: 9.5 %

Life of wine: 6 – 10 years.

Type of bottle: Bordeaux bottle of 375ml.

Production Particulars: the various vineyards are picked late in the season. Often we do not harvest these until November or into December.
